BEFORE SIGNING THIS APPLICATION PLEASE READ THE FOLLOWING, your signature below will indicate you have read and understand the following:

- No work shall begin prior to receiving approval, in the form of a contract. If any work is started before receiving approval the project will become ineligible for cost-share.
- All work must be completed to meet NRCS standards and specifications to be eligible for payment. NRCS Standards and Specifications are available at the NRCS office and should be discussed with NRCS staff prior to beginning construction of the project.
- The Sedgwick County Conservation District is not responsible for arrangements/quotes/contracts between individual landowners and contractors. Landowners are encouraged to get a quote from contractors prior to beginning any construction.
- It is the responsibility of the landowner to see that expiration dates are met and to communicate any complications related to progress of the project directly to the Conservation District's District Manager.
- The County Average Cost (CAC) used in figuring approved payments is an AVERAGE, it may not be what your contractor charges.
- Cost share payments are subject to the State of Kansas Set off Program for payment of delinquencies to the State of Kansas.
- I understand this is only an application and gives no guarantee, written or implied, for funding.

Please complete the required supplemental information on reverse; applications will not be reviewed until all information is provided.

Signature: _____ Date: _____

Applications made Jan 1- March 15 will be ranked and reviewed July 1.
